PROFESSIONAL SUMMARY

Full Stack Developer with strong expertise in backend engineering and modern frontend development. Experienced in building scalable web applications using FastAPI, React, Python, and SQL. Skilled in REST API development, authentication systems, database design, cloud-ready deployments, and production-grade application architecture.

TECHNICAL SKILLS

- Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), Responsive UI Design
- Backend: Python, FastAPI, Flask, REST API Development, MVC Architecture
- Databases: PostgreSQL, MySQL, SQLite
- DevOps & Tools: Git, GitHub, Docker (basic), CI/CD Concepts
- System Design: Modular Architecture, API Security, Authentication & Authorization
- Other: Data Structures & Algorithms, OOPS, Software Development Lifecycle

PROFESSIONAL EXPERIENCE

- Designed and developed scalable backend services using FastAPI with clean modular architecture and reusable components.
- Built and integrated RESTful APIs with frontend applications ensuring seamless data flow and state management.
- Implemented user authentication, role-based access control, and secure session management.
- Developed file handling systems, asynchronous processing workflows, and optimized API response times.
- Designed structured database schemas and optimized SQL queries for high-performance applications.

KEY PROJECTS

- Document Management System: Built full stack application with React frontend and FastAPI backend supporting file uploads, search, and structured storage.
- Enterprise Workflow Automation Platform: Developed backend APIs and task orchestration services for business process automation.
- Incident Resolution Dashboard: Designed interactive web interface and backend logic for tracking issues, updating statuses, and managing resolution workflows.
- Code Generation Utility Tool: Built structured backend system that converts structured inputs into deployable project scaffolding.

EDUCATION

M.Tech – IIT Madras (2023–2025)

M.Tech – IIT Kanpur (2021–2023)

B.Tech – Hindustan Institute of Technology (2016–2020)

CERTIFICATIONS

- Machine Learning & Data Science Foundations
- Full Stack Web Development (Project-based)
- German Language A1 – Goethe Zentrum
